MECHANIC ADVOCACY FOR EUROGRIP

Case Study 4: a scalable, cost-effective advocacy ecosystem with mechanics and puncture shops, domestic two-wheeler market

OUR ANSWER: PAY FOR THE ADVICE, NOT THE STOCK, AND PAY IN TOOLS AND STATUS RATHER THAN CASH.

Every mechanic and puncture shop can join free. A personal code, logged by the retailer in the Bandhan app, earns tools, visibility and training even where Eurogrip is not stocked. Tiers are re-earned every six months.

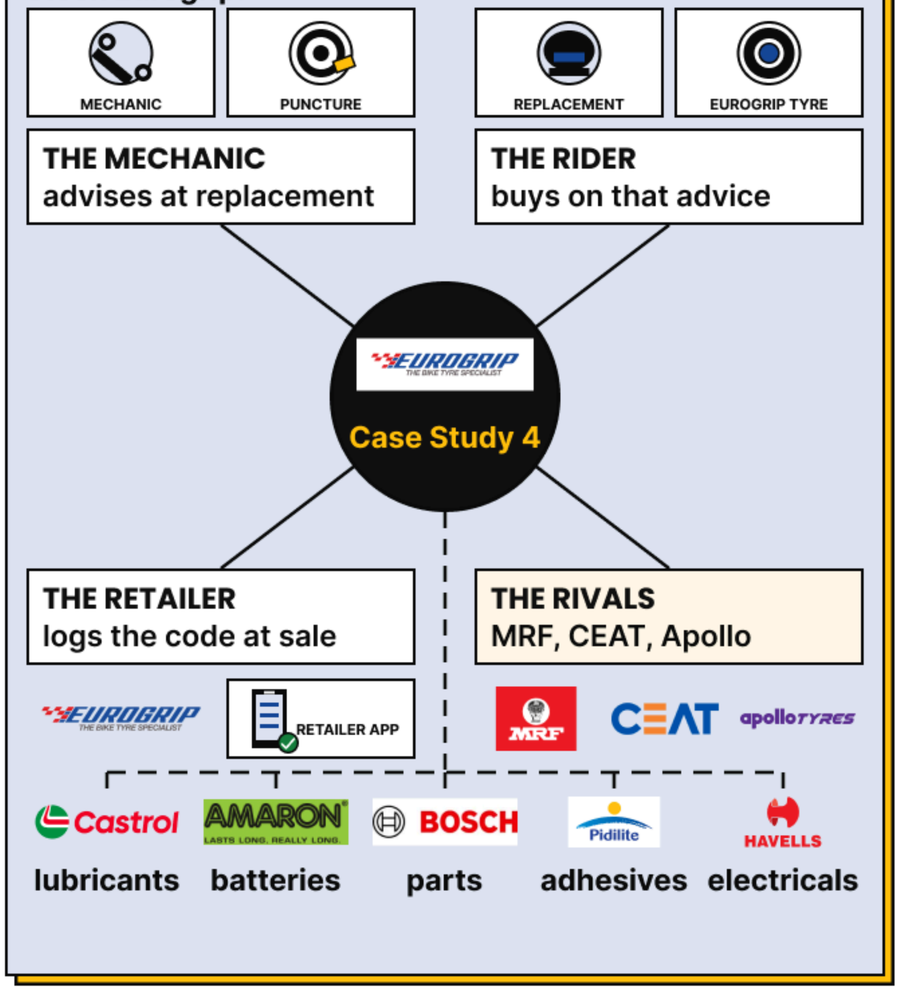
WHO DECIDES THE REPLACEMENT TYRE

Advocacy already comes from mechanics who do not stock Eurogrip.



INCENTIVE REALISM — INSIGHT-GROUNDING — SCALABILITY — SUSTAINABILITY — MEASURABILITY

EXECUTIVE SUMMARY

CASE 4

Tools and status for 1.2 lakh shops cost ₹22.0 crore a year, about half a cash-per-tyre scheme, and repay the lot at 4.4 extra tyres a shop

DIAGNOSIS

WHO NAMES THE TYRE: 7.8 LAKH SHOPS

7.8 lakh outlets name the tyre: bear 2.7, bull 15.0

Stock and fit	Service only	Puncture fix
1.9 lakh 25%	**3.1 lakh** 40%	**2.7 lakh** 35%
needs margin	needs tools	needs refills

FOUR INSIGHTS, FOUR MOVES

The brief says	So we
Stocking lags	credit advice
Non-stockers refer	code, no stock
Visibility rising	boards, aprons
One-offs fade	6-month tiers

~~THE OBVIOUS PLAY: CASH PER TYRE~~

Test	Cash a tyre	Our design
Cost a year	₹41.7 crore	₹22.0 crore
Deadweight	91% of spend	pilot tests it
Pays for	stockists only	every adviser
Rival copy	in a week	hard to copy

PROGRAMME

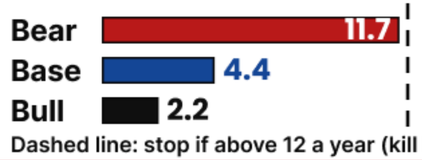
THREE TIERS: GETS, COSTS AND RETURNS

Tier	Gets, in kind	Referrals	₹ a year	Mix
Tier 1	repair kit, board	2 a year	₹230	75%
Tier 2	gauge, apron, course	12 a year	₹3,753	20%
Tier 3	inflator, listing	40 a year	₹10,967	5%

Each tier repays its cost at 0.5, 8.8 and 25.7 extra tyres a year

4.4 EXTRA TYRES

a shop a year, one per 12 weeks



Dashed line: stop if above 12 a year (kill line)

ONE CODE, ONE CREDIT: THE LOOP

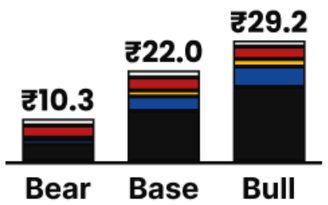
Mechanic advises → Rider buys → Retailer logs code → Mechanic earns ₹60

logged in the Bandhan app

- **Every 6 months:** re-tiered on logged codes
- **Fraud:** 1 credit a tyre serial, IVR call-backs

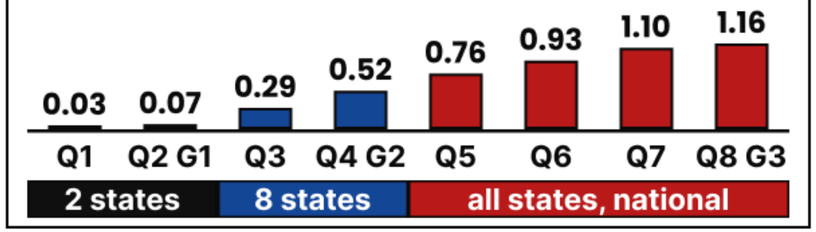
DELIVERY

₹22.0 CRORE, 1.63% OF UNIT REVENUE



Tools	55%	₹12.1
Visibility	16%	₹3.5
Training	7%	₹1.5
Field	14%	₹3.1
Tech	8%	₹1.8

24 MONTHS: 1.2 LAKH SHOPS, 3 GATES



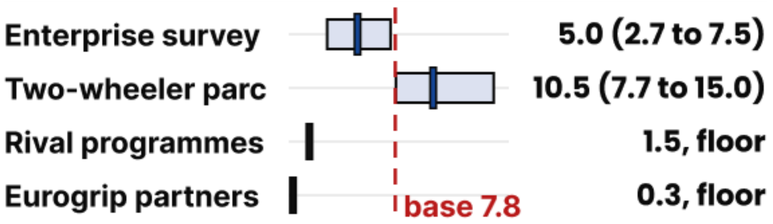
THE BAR TO SCALE, GATE BY GATE

Gate	When	Pass if
G1	Q2	60% active, audit +15 points
G2	Q4	4.4 extra tyres a shop
G3	Q8	stocking up on re-survey
Stop	any	break-even above 12

Source: Case Study 4 brief | MoSPI ASUSE, VAHAN | Castrol India (Fast Scan) | IndiaMART, Amazon.in tool prices, Oct 2026 | research sections 6 to 14 | model b1125880f5

Appendix: 7.8 lakh shops counted four ways, ₹1,628 a member a year, and break-even from 2.2 to 11.7 tyres a shop, under the kill line of 12

A1 FOUR COUNTS, ONE UNIVERSE (LAKH)



Base 7.8 lakh: mean of two estimates, not below Castrol's 1.5 lakh.

Pilots: Tamil Nadu (home) and Uttar Pradesh (thin).

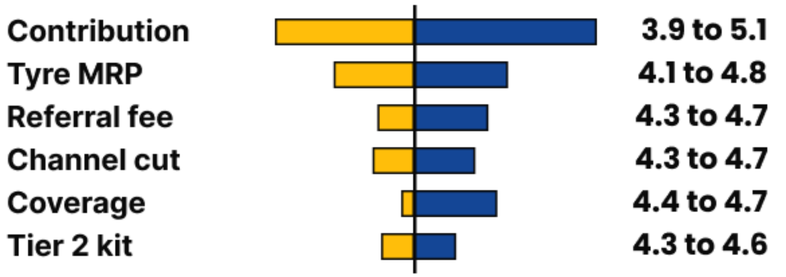
A2 ₹1,628 A MEMBER A YEAR, BUILT UP

₹ a member	Bear	Base	Bull
Tools, refills	₹1,470	₹1,042	₹741
Visibility kits	₹456	₹304	₹202
Training, meets	₹185	₹125	₹75
Enrolment	₹158	₹96	₹58
Messaging	₹80	₹60	₹30
Total	₹2,350	₹1,628	₹1,105

Base: 1.16 lakh members × ₹1,628 + ₹3.1 crore fixed = ₹22.0 crore a year

A3 BREAK-EVEN: WHAT MOVES IT MOST

Extra tyres a shop a year, base 4.4



Kill line is 12: even the bear case, 11.7, stays under it.

A4 BEAR, BASE, BULL ON ONE MODEL

Item	Bear	Base	Bull
Unit revenue, ₹ cr	1,240	1,350	1,460
Budget share	1.50%	1.75%	2.00%
Envelope, ₹ cr	18.6	23.6	29.2
Spend, ₹ cr	10.3	22.0	29.2
Members, lakh	0.27	1.16	2.43
Contribution a tyre	₹327	₹427	₹539
Break-even tyres	11.7	4.4	2.2
Weeks a tyre	4	12	23

Bear is least favourable to the plan. Model hash b1125880f5.

A5 SIX PROGRAMMES, SCORED

Programme	Cash	Tools	Signs	Advice
Castrol, lubes	Yes	No	No	No
Schaeffler	No	No	No	n/a
Pidilite, adh	n/a	Yes	n/a	No
Havells, elec	n/a	Yes	n/a	No
Amaron, batt	n/a	n/a	n/a	No
JK Tyre, tyres	n/a	n/a	n/a	No
Our design	No	Yes	Yes	Yes

Signs = boards and uniforms. Advice = credits a recommendation with no purchase. As published; n/a = not disclosed.

A6 RISKS, CONTROLS, VALIDATION

#	Risk	P×I	Control
1	Activity fades	9	6-monthly review
2	Codes not logged	6	Logging credit
3	App downtime	6	WhatsApp fallback
4	Code fraud	4	Serial caps, audits
5	Distributor apathy	4	Per-enrolment pay

VALIDATE FIRST: 60 interviews, 4 cities

Audit: 140 shops an arm, 560 visits, ₹3.9 lakh

Source: model tables T1 to T12 | research/data: universe_methods, state_parc (VAHAN), benchmarks (15 programmes) | research sections 6, 8, 11, 13, 14 | model b1125880f5

THANK YOU

THEREFORE: equip the mechanic, credit the advice and measure the recommendation. At 4.4 extra tyres a shop a year, ₹22.0 crore pays for itself.
