CNBC ZEEBUSINESS

Simplify crypto.
Enhance knowledge & trust.

Newspaper Columns

TOI mint

Demystify crypto and boost platform credibility.

Simulation Accounts

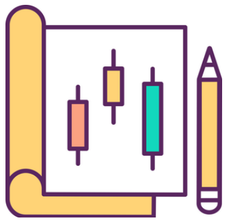

Paper Trading; building confidence *without financial risk*

Target:

- *New* traders
- *Risk-averse* individuals
- People *exploring* crypto trading

Low Trust

- **KYC** → ***Motivation ↓*** → **Practice Account**
- **No KYC** → ***Motivation to stay ↑*** → **Practice Account**

Real-time trading experience

Stop-loss features, Live market data

Tutorials and challenges; Foster engagement

- Engagement rate
- Conversion rate to real trading rate
- Retention rate

Female Education Program - Women in Crypto

Builds confidence, reduces fear, and incentivizes women to engage actively with crypto education

HOW — Step-by-step guides, quizzes, and practice accounts for hands-on experience through Binance Academy

WHAT — Interactive learning modules with rewards like shopping vouchers or crypto tokens

4 Phase Roll-out Plan

- **Awareness, Outreach**
- **Platform Development**
- **Incentives & Rewards** *(NFTs, Vouchers)*
- **Community & Support**

Multimedia Series - Series, Collabs, Animated Char

Content Series

- Bite-sized crypto content
- Interactive webinars & AMAs
- Real-world crypto use cases

- Collabs with real estate & sports
- Storytelling-led campaigns
- Lifestyle-centric crypto narratives

Cross-Industry Influencers Collabs (High-Interest Areas)

Animated Characters

- Animated explainer mascots
- Credible celeb endorsements
- Edutainment-driven engagement

Educating the Govt & with the Government

Strengths **brand credibility**

Accelerates **mass adoption**

Government Education

Comprehensive reports - crypto ***impacts, potential regulations,*** *& security* ***practices***

Improved ***regulatory frameworks*** **&** ***policy formulations,*** support crypto innovations.

Collaboration & Promotion

- Joint Public Campaigns
- Educational Initiatives
- Transparent policy impacts

Increased **public trust**, fostering broader **adoption** and **integration** into financial systems

Community Engagement Strategy

Lack of Support → Build Community → Interactive Forums, Live Discussions, Networking Events → Active Participation → *Loyalty* → User Retention ↑, Brand Advocacy ↑ → Adoption ↑

Marketing Strategy → Low Awareness & Trust → Diversified Marketing → Informative, Relatable, Credibility → *Curiosity* → Interaction → Visibility ↑, Users Growth ↑

Individual Metrics

User Education

Binance Academy

- # of new enrollments
- Certification completion rates
- Avg time spent of edu content

Content Effectiveness

- Bounce rate
- Average score & quiz participation
- Knowledge gain %

Dummy Account

- Dummy Account sign ups
- Dummy account to real account conversion

Community Engagement

Community Growth

- Engagement metrics of social media
- Active participants in Community forums

User Advocacy

- # of user generated posts
- Increase in referral signups

Brand Awareness

- Website Traffic after campaign
- Social media mention growth

Market Penetration

New user acquisition

- Number of first-time traders.
- Conversion rate of users from marketing campaigns.

Usage Metrics

- Transaction Volume Growth
- Per Transaction size
- Increase in merchants acceptance

Market Specific Penetration

- regional growth rates (tier -2/3)
- % of Female users of new users

Implementation

Execution Timelines

- % completion per phase
- Delays Reported and resolved

Partnership ROI

- Revenue from alliances
- # of transaction through gaming and other merchants

Internship programs

- # of application received
- % of internship completion
- Activity after completion
