2024

National Runner-Up

salesforce

futureforce

case challenge

CRM Industry

Market Size
Expected to reach **$2.3B** by 2024 at CAGR of **14%**
Source

Enterprise Adoption
60%+ large enterprises in India use CRM

Cloud CRM
70% of new CRMs are cloud-based
Source

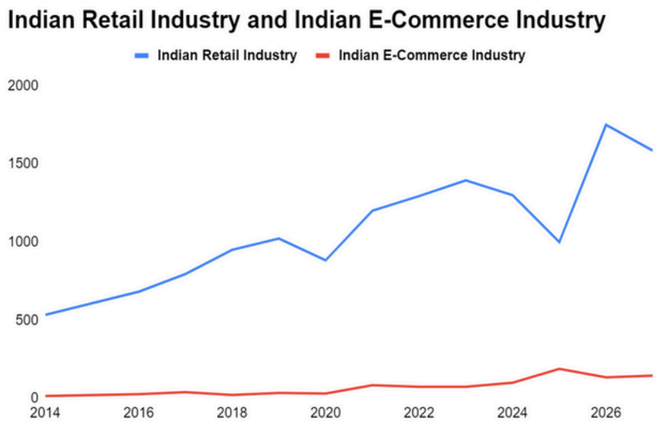

Avg Spend/ Emp
US$2.26 in 2024
Source

Customer Retention
CRM users see a **27%** inc. in retention rates
Source

Trend	Impact
Cloud-based CRM	Scalability, Cost Reduction, Flexibility
Mobile compatibility	Access on smartphones, On-the-go access for sales/service teams
Predictive Analytics	Anticipate customer behavior, Informed decision-making

Customer Preferences (Indian Businesses)

- Adoption of digital solutions
- Demand for streamlined operations
- Improved customer service
- Rise of e-commerce
- Need for efficient customer data management

Objectives

In-detail **competitor analysis** to identify gaps in the market

Comprehensive **GTM Strategy** for **retail & consumer goods** market

Salesforce's Role

Market Leadership;
Sets CRM industry standards for CRM capabilities and UX

Innovation Through Einstein AI;
Predictive analytics & Hyperpersonalisation

Robust Cloud Solutions;
Promoting scalability and accessibility

Mobile CRM;
Robust mobile app with full features, fulfilling rising demand.

PESTLE

Political

- Government digital investment support
- Tech startup tax incentives

Economic

- Startup ecosystem growth
- Strong economic growth boosts IT spending

Social

- Rising customer service importance
- Consumer demand for personalized service

Technological

- AI and data analytics advancements
- Increased accessibility via cloud

Environmental

- Adoption of green technologies
- Increased accessibility via cloud

Legal

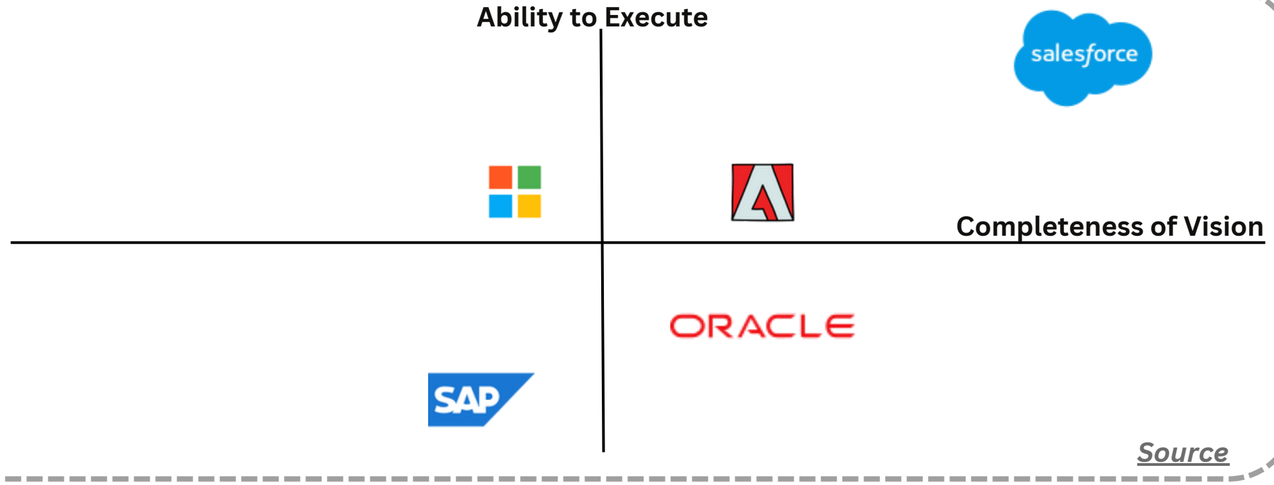

- Impact of data protection laws
- CRM updates for legal compliance

Criteria	Oracle	Adobe	Microsoft	SAP Sales Cloud
Pricing	$70 - $300/user/month	$50 - $150/user/month	$15 - $150/user/month	$58 - $150/user/month

Recommendation Pyramid

Market Gaps and Learnings

Heavy reliance on Support | **Complex integrations** | **Regulations** | **Customization** | **Scalability** | **Complicated pricing** | **Visualisation** | **Cross platform**

Strengths and Opportunities

Mobile Integration | **Wide integration** | **Einstein AI** | **AI-Driven Enhancements** | **Robust Analytics** | **Cross Platform** | **Easy to use** | **Advanced Visualsations**

Recommendations

AI-Driven Enhancements

- Develop **AI for self-service**; accessible tools for non-experts.
- Automate marketing; compete with Adobe in **creative CRM** solutions.
- Offer **scalable AI** tools with **no code**; serve a broad range of industries.

CRM Enhancements

- Enhance **cross -platform** capabilities**,** for seamless integration with **non-Salesforce** apps.
- Introduce more robust and easy-to-create **data visualisation** options.
- Streamline **pricing** model to clear, **easy-to-understand** formats
- Invest in **localized** compliance, data management for regulatory adaptation.

Why Retail and Consumer Goods

Rapid Growth
Projected to grow at 9% to $1406 Bn by 2026
Source

Increasing FDI
Attracted $4.63 Bn in FDI between 2000-24
Source

Smartphone Users
1B in 2023, projected to grow to 1.6B by 2040%
Source

Booming E-comm
Forecasted to hit US$ 325 billion by 2030
Source

Supportive Policies
100% FDI is allowed in single-brand retail
Source

Growing CRM Market
Projected to grow by 16.8% YOY from 2024-29
Source
